SUMMER

THE ANNIVERSARY
ISSUE

AUGUST 2024 OnlyFans.com/heylaurenssummer

A LETTER FROM THE EDITOR

IT'S the one year anniversary of Summer Magazine this month. *Where* has the year gone? I'm not sure where I expected this to take me, but I didn't expect Summer Magazine to be in the top 0.001% of all OnlyFans accounts, that's for sure. I have all of you to thank for this unexpected success. In this issue, I wanted to not only showcase the celebration of the anniversary, but also shoot in real-time as I get ready, wake up (albeit, hungover) and wash off the *Vegas-ness*. Included in this issue is a compilation of your favorite photos from every past issue thus far, chose by all of you!

WHAT HAPPENS IN VEGAS...ENDS UP IN SUMMER MAGAZINE.

The future of Summer Magazine was blurry for me for a while, if i'm being honest. I wasn't sure what I wanted to do with my life, wheter it be running a magazine or just running away to the countryside never to be seen from again. Sure, those thoughts will most likey surface every now and then when i'm nhaving a stressful day, but i'm happy to say i've found my happiness in creativity again. I hope you enjoy; I sure did.
